Bandung, Jawa Barat

An enthusiastic Informatics graduate with a specialization in Software Development, particularly in front-end and mobile application development. I am a versatile and adaptable person who excels in dynamic, fast-paced settings, swiftly acquiring and applying new technologies. With a curious and team-oriented mindset, I'm eager to contribute, solve challenges, and take on meaningful work.

Work Experiences

PT Telkom Indonesia - Direktorat Digital Business (DDB) - Bandung, Indonesia

Aug 2024 - Jan 2025

Front End Developer Intern

- Implemented the redesign of three Telkom DDB internship websites: Participant Website, SuperAdmin Website, and Supervisor Website, using Next.js and Redux for state management, significantly improving user interface and usability.
- Developed new features across all three platforms with Next.js and Redux, enhancing functionality for participants, supervisors, and administrators. Developed new features across the platforms, enhancing functionality for participants, supervisors, and administrators.
- Created responsive email templates to streamline communication for the internship program.
- Collaborated with the Digital Business Enabler (DBE) team in an AGILE (Scrum) environment, utilizing Jira to manage web development tasks and ensure timely delivery of redesigned internship platforms

Maxximum Digital - Cimahi, Indonesia

Feb 2024 - Jun 2024

Mobile Developer (Project-Based)

- Developed and maintained multiple mobile applications using Flutter, optimizing performance, adding new features, and improving user experience and app stability.
- Implemented Flutter technologies, including State Management (BLoC and GetX), Google Maps API, Sqflite, Pusher, and Firebase, to deliver robust app functionalities.

Dinas Pemberdayaan Perempuan dan Perlindungan Anak (DP3A) - Bandung, Indonesia

Jul 2023 - Aug 2023

Front End Developer Intern

- Improved and maintained the front-end of the Sipaten website using Bootstrap, enhancing its usability and visual design.
- Contributed to ensuring a responsive and user-friendly interface for the website, supporting DP3A's digital initiatives.
